OBJECTIVE

I am eager to apply my frontend development skills in a real-world environment, contribute to building responsive, user-friendly websites, and gain valuable experience from a professional team. I am committed to learning and developing my skills to contribute to the team's success.

EDUCATION

HCMC UNIVERSITY OF TECHNOLOGY AND ENGINEERING -

9/2022 - 7/2026

Major: Software Engineering

GPA: 3.21/4

TECHNICAL SKILLS

- **Programming Languages & Markup:** HTML, CSS, JavaScript, TypeScript, React, Tailwind CSS.
- **Databases:** SQL Server, MySQL, PostgreSQL
- **Frameworks/Tools:** Git, Jira, Trello.
- **Development Tools:** Postman, Tomcat Server
- **Methodologies:** Agile, Scrum

WORK EXPERIENCE

DuDi Software - UX/UI Designer & Frontend Developer Intern

4/2025 - 9/2025

- Designed responsive websites for travel booking, service platforms, and e-commerce products.
- Developed user flows, wireframes, and high-fidelity interfaces aligned with product and business objectives.
- Contributed to design system development and maintained visual consistency across products.
- Worked closely with developers to ensure accurate implementation of design specifications and seamless user experiences.
- Implemented responsive interfaces from Figma designs using React.js, HTML, CSS, and JavaScript.
- Built and maintained reusable frontend components to support scalable and efficient product development.

PERSONAL PROJECT

AHH Travel - <https://ahhtravel.netlify.app>

9/2025 - 6/2025

- **Team size:** 2.
- **Description:** AHH Travel is a travel website designed to help users explore destinations, discover tour information, and plan their trips more conveniently through a clear and user-friendly interface.
- **Main Responsibilities:**
 - + Designed and developed responsive web interfaces for the travel platform.
 - + Created wireframes and high-fidelity UI with a focus on usability, visual consistency, and intuitive navigation.
 - + Improved layout structure and user flow to enhance browsing and trip-planning experience.
 - + Collaborated with team members to ensure feasible implementation and a smooth user experience across devices.
- **Technologies:** TypeScript, NextJS, Tailwind CSS, Figma
- **Github:** <https://github.com/QuocHung-0309/TLCN-FE.git>

CisnW-MusicApp - Frontend developer

2/2025 - 4/2025

- **Team size:** 2.
- **Description:** The CisnW Music App is a mobile application that allows users to listen to music online, create playlists, and more. The app supports Android platforms, providing users with a seamless music experience on the go.
- **Main responsibilities:**
 - + Develop the front-end interface of the CisnW Music App, ensuring a seamless and user-friendly experience.
 - + Ensure compatibility across various Android versions and screen sizes.
 - + Test and debug the application to ensure smooth functionality and responsiveness.
- **Technologies:** Retrofit, SpringBoot, MySQL, Java.
- **Github:** https://github.com/QuocHung-0309/music_app_FE.git

YOUTH - FIT - Frontend developer <https://youth-itute.vercel.app/>

9/2024 - 12/2024

- **Team size:** 4
- **Description:** Youth ITUTE is the official electronic office platform for the Youth Union and Student Association of the Faculty of Information Technology at the HCM-UTE
- **Main responsibilities:** I was responsible for developing the front-end interface of the platform, ensuring a seamless, user-friendly experience with intuitive navigation and clear layout for efficient task management.
- **Technologies:** TypeScript, React, Tailwind CSS
- **Github:** <https://github.com/ITUTE/youth>

ACTIVITIES

- **Member of the Executive Committee of the Youth Union at HCMUTE and Secretary of the Youth Union of the Faculty of - Information Technology - HCMUTE:** Led and coordinated activities to promote active participation, community spirit, and student development.
- **Team Leader of Volunteers at SV.Startup 2025 (7th Edition):** Managed the volunteer team, ensuring smooth operations and a positive experience during the competition.
- **Volunteer Activities:** Participated in and organized various volunteer campaigns such as the Spring Volunteer campaign, Green Summer volunteer campaign, and other student-focused initiatives.
- **Academic Competition Committee:** Contributed to organizing and managing academic competitions such as Hackathon, Mastering IT and CTF for students.
- **Committee Member for Programming Courses and Camps:** Served as a member of the organizing committee for programming preparation classes, Summer Code Camp, and other programming technique workshops.
- **Support for Design Classes:** Assisted and shared experiences in design classes such as Adobe Illustrator and Adobe Photoshop, helping students improve their graphic design skills and use professional software for practical projects.
