OBJECTIVE

UI/UX Designer with nearly 1 year of hands-on experience in designing web and mobile interfaces, with a strong focus on wireframing, high-fidelity UI, interactive prototyping, and component-based design in Figma. Skilled in creating responsive layouts for desktop, tablet, and mobile, with frontend knowledge that supports smooth developer handoff. Seeking to contribute to website and digital product projects by delivering user-centered, visually consistent, and business-aligned design solutions.

EDUCATION

HCMCU OF TECHNOLOGY AND ENGINEERING (HCM-UTE)

9/2022 - 7/2026

Major: Software Engineering

GPA: 3.2/4

SKILLS

- UX Design: User flows, information architecture, user-centered thinking.
- UI Design: Layout, typography, spacing, grid systems, visual hierarchy.
- Deliverables: Wireframes, high-fidelity UI, interactive prototypes.
- Responsive Design: Desktop, tablet, and mobile interfaces.
- Plus (Frontend): HTML/CSS, JavaScript, TypeScript, React.
- Frontend Knowledge: Figma, Miro, Adobe Illustrator, Adobe Photoshop

WORK EXPERIENCE

DuDi Software - (UI/UX Design)

4/2025 - 9/2025

- Designed intuitive and visually consistent interfaces for web and mobile products.
- Created wireframes, user flows, interactive prototypes, and high-fidelity UI in Figma.
- Collaborated with PMs and developers to translate product requirements into user-centered design solutions.
- Built reusable UI components to improve design consistency across screens and features.
- Improved design handoff efficiency by providing clear specifications and interactive prototypes.
- Applied frontend knowledge to ensure design feasibility and smoother implementation.
- Identified usability issues and proposed design improvements to enhance user experience.

PROJECTS

AHH_TRAVEL - Front-end, UX/UI Designer

8/2025 - 12/2025

Team size: 4.

Description: AHH Travel is a travel website designed to help users explore destinations, discover tour information, and plan their trips more conveniently through a clear and user-friendly interface.

Main Responsibilities:

- + Designed and developed responsive web interfaces for the travel platform.
- + Created wireframes and high-fidelity UI with a focus on usability, visual consistency, and intuitive navigation.
- + Improved layout structure and user flow to enhance browsing and trip-planning experience.
- + Collaborated with team members to ensure feasible implementation and a smooth user experience across devices.

Tool: Figma, ReactJS.
